Paymr. to Mustr. Ship King Georges men.

Letter to Philip Noden at Metchlepatam of this days date read, approv'd & sign'd. And the state of those Factories discours'd of, which the President promises to represent to the Honble. Court of Directors for their further orders, in the meantime it's thought best to forbear further repairs & to endeav^r^. disposing of several odd things remaining in them towards bearing the annual expence.

Letter to Mr. Noden at Metchlep. read.

A Draught of proposals made by Robert Symonds Cheif of Vizagapatam, for establishing a new set of Merchants and clearing of the old Merchants debt is read, consider'd [and] enter'd after this Consultation. The board came to the following resolutions thereupon.

Proposals from Mr. Symonds for clear^g. y^e^. old Merch^ts^. debt & establish^g. of a new Set.

That the said proposals in general are good [&] that several particulars are wanting and others not fully express'd.

They are good but not fully express'd.

That sufficient security ought to be first given for the provision of so many goods as We require & for the keeping exactly to the Sortments agreed on, before we exclud^d^. other people from furnishing us.

Security ought to be given for the provision of goods

That the prizes of all goods ought in the first place to be setled, of which there is no mention in the proposals or else it will be only sinking a debt instead of discharging it; but if we can have the goods as cheap as We have them now for our ready mony, there can be no further objection on that score.

& the prices to be first setled.

That this board can never consent to the using [of] the same method for recovering debts as is practis'd by the Country Government, because they are Moors and We are Christians, all that can be promis'd on that head, is our utmost assistance on all occasions, to confine and punish according to our own laws & to interpose with the neighbouring Governments upon occasion, as farr as We can venture to do with safety in regard to our Honble. Masters affairs.

the same method for recovering y^e^. debts as practis'd by the Country Governm^t^. can't be us'd [by] us, but that they shall have the best assistance.

These resolutions to be communicated in the next Letter to Vizagapatam.

To advise y^e^. Cheif & Councill of the foremen^d^. resolutions.

Neither the King George nor the Dartmouth being able to take near so many bales aboard as was expected. The number of what are like to be left here and at ffort S^t^. David was taken into consideration, and finding that if the King William arrives in time from the West Coast, there is a possibility of dispatching her soon enuff to save her passage,

the King George & Dartm^o^. not take. near so many goods as we expected, there seems a possibility of dispatch^g. the Prince Frederick & King William in time.

AGREED to spurr on the Merchants here and at ffort S^t^. David to bring in all the cloth they can till the last of February [In order to fill up] the Prince ffrederick at ffort S^t^. David and the King William here if possible when she arrives.

Accordly. the Merch^ts^. here & at ff^t^. S^t^. David to be spurr'd on to [bring in all the cloth they can till the last of Febry].

———*FORT ST. GEORGE, JANUARY 1716-17*———

[the] 40 & 50 covid Beteelaes [by] Ship's bro[t]. in ready wash'd from the country can't be [op]end & exam[d]. wherefore the Merch[ts]. to ans[r]. for all defects in them.

The Warehousekeeper Representing to the board that the forty and fifty covid Beteelaes by these Ships being brought in ready wash'd from the Country, He could not examin the inn[er] folds so as to be satisfied there are no holes in them without doing prejudice to the goods, & therefore prays that mention may be made in the General Letter of the Joynt Stock Merchants being answerable for all defects in the said Beteelaes, either by holes or want of lengths, or breadths which is agreed to.

The Paymaster reports (that pursuant to order of last Consultation) He has been aboard the King George & muster her crew, which amounts to ninety three persons as ℔ List deliverd in.

Muster roll of Ship King Georges men deld. in.

The President acquaints the board that upon adjusting the Accounts of Thomas Pitt Esqr. formerly Govern^{r}. of th[is] place, with the Trustees of Bernard Benyon deceas'd, He finds a debt due from ffrancis Delton who died in Pegu to the said Thomas Pitt Esqr. which stands upon his Books pag^{s}. 791 : 5 : 8 and in an account Currant sign'd by Francis Delton the 11th. day of June 1704 in Atcheen. He acknowledges, a ballance due to Thomas Pitt Esqr. of 855 Tale, 2 mace, which account is now produc'd & it no way appear'd that the said ballance ever was discharg'd, He desires the consent of the board that the mony formerly deposited in the Comp^{s}. Cash on acco^{t}. of ffrancis Delton deceas'd his estate, may be Paid to him on account of Thomas Pitt Esqr. his debt, obliging himself to be answerable for the said sum̃ to any person that has a lawfull title thereto, in case M^{r}. [Pitt] should not be able to hold it, by virtue of the Account beforemention'd.

The Presid^{t}. ℘duces an acco^{t}. curr^{t}. wherein it appears ffra^{s}. Delton dec^{d}. is indebted to Thos. Pitt Esqr. pag^{s}. 791 : 5 : 8 desires w^{t}. mony of his is in y^{e}. Comp^{as}. Cash may be p^{d}. him on that acco^{t}.

AGREED that the sum̃ of pagodas 744 : 7 : 40 being the mony of Francis Delton deceas'd now resting in the Comp^{as}. Cash may be paid to the President on the foremention'd conditions for account of the debt due from the said Delton to Thomas Pitt Esqr. which appears to be a very fair one to the best of our judgements.

which is agreed to

The President being ready to embarque for Great Brittain, proposes to the board the best method that He can think of, after having discoursd with all the Principal Inhabitants of the place that are not actually engag'd in the dispute now afoot, between the Quomitty and Chitty Casts for putting an end to all future trouble, and the board upon read^{g}. them came to the following resolutions.

Presid^{t}. proposes the best [method] for reconcil^{g}.

That for anything that has yet appear'd the Quomitties, may cry out their Pennagundoo Naggarrum at their Houses, feasts, Weddings &c^{t}. according to Salabad, but not before the Pagoda of Chindadry Pillary till that matter can be decided in the manner hereafter mention'd.

Quomitties not to cry out their Pennagundoo Naggarrum before the Chindadry Pillarry Pagoda.

——FORT ST. GEORGE, JANUARY, 1716-17——

The Quomittys to be oblig'd to stand [by] their agreemt. of refurrs. the matter to 20 braminies.

That Whereas the Quomitty's did agree before this board to deferr the matter in dispute to twenty braminy's, which are the neutral Cast, ten of which to be chosen by the Quomitty's & ten by the Chitty's, though they went from their word next morning & insisted upon joyning some of their own Right hand Cast, when they found the Chitties were willing to comply, the board think it just for the Companies and their own Honour, that the Quomitty's shall be oblig'd to make good their promise, by referring the Ceremonies in dispute to twenty Braminy's as beforemention'd.

[If any] foul play is prov'd the parties aggreiv'd to have justice done them.

That in case of any foul play by the twenty Braminies that shall be chosen on this occasion, upon full proof thereof being made, the parties aggreiv'd shall have justice done them.

If the Quomities do not comply, the Image to be mov'd to the great pagoda & ye. Pillarry Pagoda to be shut up.

That in case the Quomitty's refus'd to comply with their first promise of a reference to the Braminy's, the Image of the Chindadry Pillary Pagoda, shall be remov'd to the great [Gentue] Pagoda, and to prevent all future dispute the Chindadry Pillary Pagoda, shall be shut up for ever.

no more small Pagodas to be built without leave of the Governr. & Councill.

That whereas great numbers of these small Pagodas have been clandestinely built, without the Knowledge or permission of the Government, and more are daily begun upon, which [serve] to raising of disputes among the Casts, none shall be built hence forward without the permission of the Governour & Councill.

No Colours to be usd but St. Georges.

That no Colours for the future shall be us'd at any fe[asts] in Madrass but the English commonly known by the name of S^{t}. Georges Colours, with a White feild and a Red Cross.

The Pedda Naigue to be Overseer of ye. Parriar Cast.

That the Pedda Naigue shall be Overseer of the Parriar Cast, and take care to keep them in due obedience, and th[at] no other person shall pretend to Summon or have any command over them.

whoever shall stirr up the Casts to mutiny to be fin'd & forfeit the Compas. protection.

That whoever shall hereafter presume to stirr up the Casts to mutiny or desert on account of the Disputes between the Quomitty's & Chittys or any other frivolous pretence, such person or persons upon full proof being made before the board, shall forfeit the Honble. Comp^{as}. protection, be render'd incapable of any employ in their Service, and fin'd at the discretion of the board.

these resolutions to be pursued hereafter.

These resolutions will be pursued by the succeeding President and Councill unless any unforeseen difficulty should ar[ise] to occasion an alteration in opinion and there is good reason to hope that all matters, will be fairly accomodated by the Braminy's.

JOHN LEGG. JOSIAH COOKE. RANDL. FFOWKE.

Messrs. Thos. Cooke, Legg & the Secry. delr. their report of the Chittees effects.

Messrs. Thomas Cooke, John Legg & Nathaniel Turner deliver in a report how farr they have complied with the order of last Consultation, for their taking an account of the effects, belonging to Colloway Chittee & Callastry Chittee which report is enter'd after this Consultation.

President acqs. the board wth. ye. ansr. He has recd. from the Chittees in ansr. to ye. Summons affix'd to the Gates.

The President reports that He has receiv'd an answer from Colloway Chittee & Callastry Chittee to the Summons affix'd yesterday at the Gates, to this purpose, That they [will] not return unless we would oblige the Quomitty's to referr the differences between them to twenty Brahminys as formerly.

——FORT ST. GEORGE, JANUARY 1716-17——

AGREED that altho' We had determined if the Chittees had stay'd for our decision to have refer[red] the matter as they propose, yet that now it is not fit to [make] such an agreement with them in order for their return [for] the following reasons. matter not to be determin'd [as first] design'd for the follow:.

FIRST The Imediate consequence would be that all the Quomitties & probably several other tribes of the Right hand Cast would desert the place, upon our making such a condition to the Chittees on condition of their Returning, by which [we] should be drove to greater streights, than We are, or can be by the desertion of the Chittees. Reasons. least the Committys shod. desert, wch. wod. be of farr worse consequences.

SECONDLY Such a consideration would so farr innerva[te] & weaken our authority, that We should never after be able to Govern the Several Casts, with any steadiness, who would be ready on every occasion to threaten us with a desertion, by which they would govern us at their pleasure. It wod. weaken our authority, & render us the less [steady] to govern ye. sevll. Casts.

FOR these reasons we think it necessary to assert our authority, & either to force them to a compliance or take what satisfaction We can get out of their estates. therefore 'tis thought fit to force them to a complyance.

ORDER'D that the Warehousekeeper assisted by one of the board alternately Remove the most valuable wares belonging to the said Chittees into the ffort Godowns & take an exact Account of them there being large quantities to a considerable value by which means We hope to fright the Chittees into a submission & return or otherwise to obtain some satisfaction out of their estates for the damages that may accrue to the Honble. Company by their desertion. W.h.kr. & one of the [board] to remove out of ye [ffort] godowns their most [valuable] effects into ours in [ye ffort].

ORDER'D that an attachment of all mony's due from any Inhabitants of Madrass, whither Europeans or others to any Chittees now deserted be affix'd at the Sea Gate with a declaration that whoever shall pay any such debts after this publication, to any of the said deserted Chittees or their order shall be oblig'd to repay the same to the Honble. Company. that all monys due to the Chittees] from the Inhabitts. [be atta]ch'd.

of these 22 Petitions 15 are as the King Sign'd at first & y^{e}. other seven are w^{t}. were re-sign'd wch. we sent last down so y^{t}. your Hon^{r}. &c^{a}. will easily Join y^{e}. Kings & Duan Colsa's Signings together by wch. you may have a true notion of the affairs. The passing of y^{s}. great [Scaw] was very pleasing to us & of wch. we should have given your Hon^{r}. &c^{a}. an immediate Acco^{t}. but being willing to see all thoroughly clear'd from the Duanny we propos'd dispatch^{s}. all at once.

After Attesham Cawn had Sign'd the papers they were order'd to be brought the Vizier wch. gave us some apprehensions (as he had opportunity and authority) y^{t}. he might make some exceptions but it pleas'd God y^{t}. the fortune of our Honble. Masters prevail'd & the good Vizier immediately sign'd & as it is Customary for such papers to be resigned by the imperiall hand he consider'd y^{e}. long stays & expence we had been at, and order'd the Duan Colsa immediately to carry y^{m}. to the King, & get y^{m}. passed once more wch. was done accordingly at first Sight, This last was

a finish^{g}. Stroke and in our opinion confirm'd all that was granted before. The next thing was to get an order from the Duanny (Which they call Scaw) upon the head Secretary who is to write the Phirmaund, The Vizier was pleas'd in our Presence to order it to be immediately given us, We thank God we have rec^{d}. it. The following things are order'd to be enter'd in the Phirmaund accord^{g}. to y^{e}. Kings Signing. Bengall & free trade, Suratt Peeshcash, Cormandell free trade, Vizagapatam 3 towns, Madrass Rupee, Phirmaush, 40 Begaes of Ground Copy of the Phirmaund, these eight at first appear'd as allow'd of by the Duan Colsa, but Seer hand, by the meanes of the Duanny writers bro^{t}. these 5 follow^{g}. Madrass 5 towns, Calcutta 3 old, & 38 New, Bombay Mint Comp^{ys}. Debtors & Servants & Ship wrecks.

We are now mak^{g}. the proper provision to have the Phirmaunds drawn up, consisting of these 13 Articles, but as yet we have not Concluded whether to make a Single Phirmaund or have 3 as the working of it may prove beneficiall to the Interest of our Honble. Masters that shall certainly be Chosen, We hope our next will Carry the copy of it as it is foul Drawn up & that to arrive time enough in Calcutta to be remitted home to England by the last ship, wch. will without doubt be very satisfactory to our Honble. Masters, the remaining 9 Articles wch. are not Enter'd in y^{e}. Phirmaund, we are to receive Sunnods for under the Vizier's Seall, & the Secretarys of the Duanny have orders to draw y^{m}. up these may be finish'd in a small time, but Phirmaunds being Subject to sev^{ll}. formalitys will be something Longer.

We have rec^{d}. your Hon^{r}. &c^{a}. dated the 24th. Sep^{t}. cheifly in ans^{r}. to Ours of Augst. the first yor. Hon^{r}. &c^{as}. Opinion of w^{t}. we then wrote is particularly Observed but beleive y^{t}. Letter was taken in the Strongest Since : we never intended to Put those designs In Execution without the utmost extreamity's when no other way was left, or Compossition could be made even of Effecting the half of w^{t}. we petition'd for. It was this Intention y^{t}. made us write to your Hon^{r}. &c^{a}. y^{t}. we might be always ready arm'd & we do assure y^{o}. y^{t}. Easy Arguments all the Presents you have sent, the vast sum of money & time that have been expended on y^{r}. Embassy have had very little Effect on y^{e}. Court & then would have shammed us off with very little had not Hydera Coole Cawn wrote from Surrat, y^{t}. we would directly Leave y^{t}. Citty Thanks be to God the case is alter'd, as there is no such disease there can be no occasion for such remedys everything seems now upon a firm establishment. It's true a few formaltys may take up some time but a Little Patience, & good bribery we hope will bring w^{t}. is so happily begunn to a good conclusion.

We have observ'd your Hon^{r}. &c^{a}. notations upon w^{t}. was formerly sign'd on our Petition by the Duan Colsa among wch. your Hon^{r}. &c^{a}. conceive where it is wrote, write to the Duan Subah or Phowsdarr if the Business is Suspended for their Judgements whereas it is quite otherwise wheresoever the King or Duan Colsa has wrote so, it is perfectly granted as your Hon^{r}. &c^{a}. will hereafter see w^{n}. the grants are wrote under the Vizier's Seal, They will be directed to the Sev^{ll}. Duan Subah & those that follow them, y^{t}. such petitions are granted.

It is Certain our stay here has been Longer y^{n}. could have been Expected by any one & thereby the Expence of y^{e}. nogtiation much Enhaunced wch. we have endeavour'd to retrench as much as possible from the very begiñing, We have nothing but barely what is necessary, our Acco^{ts}. be our Wittnesses & yor. honour &c^{a}. our Judges, whether we have been Guilty of any Extravagancies, Considering the place the Number of English men, & any attendance to make a Creditable appearance at y^{s}. Court Cojah Seerhaud says his allowance is too small & hopes to have an Addition to it now or at his returne.

Cojah Seerhaud solemnly protests y^{t}. he will never mingle any foreign affairs wth. those of our Honble. Masters, if he does he must be answerable for.

We have drawn a bill of Exchange for 2900 Sicc^{a}. payable to M^{r}. James Williamson, to wch. we desire your Hon^{r}. to give due Honour.

HONBLE. SRS. &CA.

In obedience to your Honr. &cs. orders, We have been to view the Mint, and find that it not only wants Repairing but that it is absolutely necessary to build some further conveniences ꝑticularly Chimneys to carry of the Smoake, which now almost stifles the Workmen, but We find the ground is very narrow, and that unless it be enlarged some of the new buildings must stand upon the Wall to the River, which is to weak to bear them so that the very foundation must be new laid and

considering the charge thereof, We humbly offer it as our opinion that a spote of ground q^{t}. 170½ Gentue foot adjoying there to be bought of the Proprietors who offer it at 2½ Pagodas ℔ foot the rate the Honble. Company have bought and sold ground at, and which will give room for building the work that is necessary to be done with much less charge then taking up the Foundation of the Wall to the River and laying a new one, We submit the whole to your Hon^{r}. &c^{a}. consideration and are.

TO THE HON: ROBT. HEDGES ESQR.
PRESIDT. & GOVR. OF FORT WILLIAM &CA. COUNCIL IN BENGALL.

HONO. SR. &CA.

Our last to your Honr. &ca. was the 21st. Ultimo We were in hopes much sooner than this to have repeated the good news but the strange dilitoriness that attends all manner of business here, has kept us also at a snails space, so that We fear the present Cossids will not be able to reach your last Europe dispatches, however the three Phirmaunds for Bengall, Madrass and Surat being drawn up in the Secretarys office and approv'd of by the Mier Moonchy by whom they were sent into his Majesty for his approbation likewise we have taken Coppys thereof, and now send them for your Honr. &cas. perusal it being already finish'd by all the under Mutsuddys. We are under no apprehensions of any alterations to Our disadvantage. As soon as it pleases God that it comes out sign'd by his Majesty We shall take care to dispatch the good news with the greatest expedition. But not expecting to reach the Bengall shipping we do not (sic) at this time dispatch the same good news with Coppys of the Phirmaunds to the Hoñ. President and Councill of Bombay in hopes that a Conveyance may be mett with from that quarter so soon as the papers come out approv'd by his Majesty they will be wrote over fair, then carry'd to the Vizier for his Seal and lastly to the Office where it will receive his Majestys great Seal.

The Duanny Sunnods are all wrote over fair but as yet not sign'd by the Duan Colsa so we do not remitt their Coppys besides they are not of so great Consequence.

The Kings Tents are gone out of the City, to morrow is the day appointed for his Majesty to follow them the report is that he is going to hunt where he went the last Season, This will add something to the natural delays of this Coast, but the seeming good posture of our affairs at present gives us courage to pursue a glorious Conclusion with Our accustomary patience.

The 29th. Novr. came to hand your Honr. &cas. dated October the 30th. with the inclos'd paragraph of a Letter from Fort St. George We find the strange slowness of Our Cossids has occasion'd your Honr. &cas. to be longer in those Mallencholly apprehensions than the course of Our affairs would allow, so that Letter requires no further answer than a reference to Our dispatches since that time for better news.

Four Months are now elaps'd since Coja Seerhaud refus'd to take his monthly allowance by reason he would not suffer the Batta to be cut on Allumgery Rupees, yet lately he has receiv'd his mony and we have agreed to referr this affair to the decision of your Honr. &ca.

John Surman having paid the sum̃ of twenty seven thousand Siccas into the Hon. Companys Cash Account the Hoñ. Edward Harrison Esqr. We have given him a bill of Exchange the 22d. instant payable to the Hoñ. Robt. Hedges Esqr. and Mr. Henry Frankland which We hope your Honr. &ca. will duely honr.

To your Predicessor I did presume to represent the bad Effect of making Gunn Powder immediately after boiling and refins. the Salt Petre which was that the Salt Petre having not time to dry the moister was the cause the powder did loose half the strength, in four months time by the Salt Petre giving so much, upon which did obtain a Godown with three shelves or stages to dry the Salt Petre, by which have found this good Effect that the powder made of the Salt Petre who had been three months in said Godown does keep the first strength about eight months, as by observation lastly made, from whence inferr that if another Godown was made to hã always one Godown full, while the other is making, the salt Petre having one year

to dry and purify itself the Powder must be undoubtedly be the better, besides the convenience of Salt Petre ready to make any quantity of powder upon urgent Occasion for the stock of powder in this place has been lately very small, and the cause was that the powder would not keep good which will be prevented by the dryness and goodness of the Salt Petre being sencible of your honrs. judicious Penetration do Conclude I am

THE PETITION OF WM. STEVENSON

HUMBLY SHEWTH,

That whereas Edward Bell having by bond under his hand and seal bearing date the 26th. day of May 1715 bound his self, his Heirs, Executors and administrators unto your petitioner in the full sum of one thousand pagodas upon the condition that the said Edwd. Bell wod. pay into your petitioner upon the safe arrivall of ship Chindadre in this port of Madrass from the port of Manilha the sum of five hundred pagodas with 30 ℔ Cent Respondentia thereon and it is in and by the said bond provided that if the said Ship Chindadre shod. not return to this port by the 25th. May 1716 then ye. said Edwd. Bell was to pay 10 ℔ Cent Interest upon the principall and Respondentia till the said ship shod. arrive at this port, and in case ye. said ship shod. go from Manilha to China the risque was to be on your petitioners accot. for which risque the said Edward Bell agreed to allow him 10 ℔ Cent as in and by the said bond is specified and will more fully appear, and ye. said Edward Bell being safely arriv'd from ye. ports of Manilha and China in the said ship Chindadre your petitioner humbly presumes his said principall with its respondentia and

Interest is justly become due to him, but your Petitioner having demanded the same of the said Edward Bell has been put off with frivilous excuses and delays wherefore your petitioner humbly prays the aid and authority of this Hon̄. Board in recovering his right.

And he as in Duty bound shall ever pray &c^{a}.

To the Hon. Joseph Collet Esqr.

Honble. S^{rs}. &c^{a}.

Hearing that the Reverend M^{r}. William Stevenson and Captain William How have petition'd your Hon^{r}. &c^{a}. for obliging me to pay off my Respondentia Bonds to them in the following manner Viz^{t}. 30 ℔ Cent Respondentia to Manilha 10 ℔ Cent Interest ℔ Annum on the principall and Respondentia for not coming back in the time limited, and 10 ℔ Cent also for the risque of their mony to China which second demand of 10 ℔ Cent I cannot but think very unconscionable, since how was it possible for me to go to the port of China and be back again by the time limited in my Bond Viz^{t}. the 25th of May 1716 which being consider'd I doubt not but your Hon^{r}. &c^{a}. will allow that my design of offering them 10 ℔ Cent Interest was only in relation to the Manilha Voyage and that they might have an equivolent for my not coming back from Manilha to this port by the time prefix'd but instead thereof and going to China, I oblig'd myself to allow them 10 ℔ Cent Respondentia more, for the risque of their mony to China not supposing that it w^{d}. enter into their heads to be so unreasonable as to demand the aforesaid 10 ℔ Cent Interest which I only allow'd in case I did not arrive back from Manilha in such a time as beforementiond wch. was impossible to be done after I had taken upon me to go to China, otherwise I had made the proviso of my going there in so plain a manner in y^{e}. bond as to have allow'd of no dispute in the article of 10 ℔ Cent Interest, wch. they strenously endeavour to make me pay, besides be pleas'd to consider the unreasonableness there is for a persons paying double respondentia and Interest upon both principall and Respondentia at the same time which last article if Capt. How and M^{r}. Stevenson can produce any precedent for I shall readily consent to pay them the full of their demands I am wth. great respect.

The President produces a Letter He lately receiv'd from John Richardson, humbly desiring to be remov'd to some cooler place of confinement, having greatly impair'd his health by the excessive heat, and inconvenience of the place He now is imprison'd in, the said Letter is enter'd after this Consultation. And

AGREED that He be remov'd to one of the rooms in the Fort, and that the Door & Windows may be kept open in the day time.

Presidt. reports at great inconvenience ye. soldiers suffer by payg. their whole pay to the Steward of the Hospital for sustenance when they are sick.

The President reports to the board that He has been acquainted with very great inconveniences which the Soldiers suffer by being oblig'd to give their whole pay to the Steward of the Hospital for sustenance during the time of their continuing Sick in it, and be also oblig'd to pay half a pagoda ℔ Month towards their cloaths, as many months as they stay in the Hospital for recovery of their healths, so many half pagodas they of course become in debt which is so great a hardship upon them that when they leave the Hospital, the payment of the debts they thereby contracted takes away great part of what they should buy provisions with to avoid which many poor fellows have ruin'd their healths rather than go into the Hospital to be cur'd when their distempers have been, but in their infancy.

The Folds. for ye. future to pay ye. Steward but 2 pags. ℔ mensem.

ORDER'D that for the future the Soldiers be oblig'd to pay the Steward no more than two pagodas ℔ Mensem, for sustenance during the time they continue in the Hospital, it being found upon a scrutiny into the matter fully sufficient to furnish the men wth. good provisions.

The fifty Recruits from Fort St. David being arriv'd on Ship Brittania make up the complement of our Garrison 360 which being divided into two Companies only, the Garrison is much under officer'd, & the men neither so well exercis'd nor kept under so strict discipline as otherwise they may be, & considering the disturbances in the Country Government. That our Nabob is at this time with a body of men in

opposition to the Grand Vizier and that We cannot tell how farr these troubles may affect us, it is therefore thought necessary and AGREED to divide the Garrison into three equal Companies one to be commanded by one of the Lieutenants now in Commission, and there being occasion to make one new Ensign for the third Company, &

AGREED that the President sign a Commission constituting Serjeant Hugh Kennedy (who is well recommended for his good behaviour) Ensign of the third Company commanded by Lieutenant Orrill. the Presidt. to give Serjt. Kennedy an Ensigns Comn.

I know not, after ye. Not that I wod. have pretended to excuse myself, but have shewn my hearty sorrow for what I have been guilty of and at the same time so farr extenuated the matter, as to have shewn, that thô my Crime came within ye. strict Lettr. of the law yet was not done with that vile design which commonly attends acts of that nature and that I had not the least thought of making those Gentlemen sufferers, but was in hopes of raising mony to have redeem'd the notes and could not suppose they could pass, as things forged are design'd to do.

But it has pleas'd God to frustrate my designs, and bring me to shame which I hope he'le improve to my future advantage, and incline your honr. to mercy, which is my only dependance among the multitude of sorrows I'me at present surrounded with.

"That his Brother Moorta a Malabar "Goldsmith Inhabitant of St. Thoma, gave him eighteen fanams to bring to Madrass "to buy Silver with of the Shroffs, which silver He was to carry back to his "Brother in St. Thoma for coining of more fanams." The said Peremaul was sent for in and being re-examin'd confess'd the fact to the board in manner beforemention'd, which affair being debated, & the discredit our Mint may be brought into (which is at present in the greatest repute of any in the Moguls Dominions) consider'd, the board think it highly necessary, that the said Peremaul should be made a publick example, for being accessary to his Brothers knavery (there having at times crept in from St. Thoma several parcels of bad fanams, but this is the first person that could ever be discover'd) according the following resolutions are agreed upon.

He to stand in the Pillory have his ears cut off & be whip'd out of Town.

That the Choultry Justices do meet at the Choultry on Fryday next, between nine and ten a clock in the morning, to direct the said Peremaul to be put in the Pillory where he is to stand two hours, after which to have both his ears cut off, & be whip'd out of the Honble. HON^{o}. S^{R}. &C^{T}.

Having found several inconveniencies by the method that is practis'd in the R^{t}. Hon^{o}. Companys General Books in accounting six great Cash to make eighty small Cash or one fanam, by the formers not coming out in equal parts with the latter which often occasions a difference in fractions, I humbly offer my opinion to your hon^{r}. &c^{t}. that as eighty small Cash makes a Fanam and all the acco^{ts}. deliver'd in by the Gentlemen of Councill in their severall employs are kept after the same manner, It be order'd that the Generall Books be likewise kept in this method from the first instant (when the new Books begin) for I see no reason for making a lesser denomination of Cash in the Generall Books, than in the acco^{ts}. from which they are form'd, and that the subordinate Factorys be advis'd thereof, I leave the whole to your Hon^{r}. &c^{ts}. Presidt. ℔ duces translates of three letters about the Amoy Junk 2 from Siam & one from China.

The President delivers in a translation of three several Letters, which He has receiv'd relating to the affair of the Junk taken at Amoy, One from the King of Siams Vizier, another from the Bercalong of Siam, & the third from Leanqua & Anqua China Merchants at Canton, the first desiring in general terms that an amicable end may be made of that affair the Second (though in a freindly manner) makes a demand for the Junk & whole Cargo the amount of the Cargo's prime cost in China being eight hundred & one Catty, eighteen Tale, One Tecul, One Myum, the 3d. Letter advises that Leanqua & Anqua had undertaken the management of that affair, in order to make it up amicably with the Tytuck & Mandareens of Amoy. That they had sent to the Tytuck for his Chop, & were in expectation of his answer, wch. they will communicate to us by the first opportunity, the Several Letters being read. The President added He had discours'd wth. Mr. Bongri who went from hence to China expressly on that affair, who gave him the following Account of the matter. That the Mandarius concern'd in abusing the English had represented to the Emperour, that the Junk was carried away by a Pyrat, but the Merchants whose goods were taken on the Junk, gave a different relation that she was taken by the English in Satisfaction for injury's done them at Amoy, on which the King order'd an enquiry to be made & finding the Merchants who had abus'd the English, were protected by the Mandarins & Tytuck, He order'd them to make good all the damage sustain'd by the Freighters of the Junk, & turn'd the two Mandarins out of Post continuing the Tytuck, so that now the affair must be negotiated with him. The President further added that He is inform'd that the Bercalong of Siam is a relation of the said Tytucks from whom He must have receiv'd the particular Invoice of the Junks Cargo, & He is of opinion that He has been employ'd by him to procure Satisfaction that way, not knowing that any steps were taking on our side towards an Accommodation, It appears both by the acknowledgments of the Chinese at Amoy, & by the claim of the Bercalong of Siam, that the Junk belongs to the Bercalong & that the Amoy Merchants were only freighters. He therefore proposed that there being a ship now bound from this Port to Siam Commanded by Capt.

——*FORT ST. GEORGE, JUNE 1717*——

Powney who made that Voyage last year and discours'd the Bercalong at large upon the Subject that the produce of the Junk which sold for twelve hund^d^. pagodas then paid into the Honble. Comp^as^. Cash be now paid to Capt. Powney, that He may invest the same in what He shall think most agreable to the Bercalong & carry it to Siam on his Account. This the President thinks to be just & beleives will prove Satisfactory to the Bercalong so that We shall not meet with interruption in our trade there on that Account.

The matter being maturely deliberated the whole board AGREES to the Presidents proposal, and ORDERS that the foremention'd Sum of twelve hundred pagodas be paid out of Cash to Capt. John Powney. 1200 Pag^s^. to be pd. Capt. Powney for the Junk.

Ever since Our last his Majesty has continu'd delight^{s}. himself in his Encampment hunting within twenty Co^{s}. of y^{e}. We were forc^{d}. to stop his Mouth with a large bribe being a Gentleman who would otherwise have endeavour'd to Ruin what We have had so long been employ'd about but being satisfied of the bribe he naturally fell in with Our Interest and then petition'd his Majesty for y^{e}. Ultimo from thence the Phirmaunds were return'd to the Secretary who according to Custom sent them to the Vizier for his Seal on the back, We had some small apprehensions that this was a Gulph not very easily pass'd over, the Vizier being remarkable for his avaritious Temper the sight of the Phirmaunds did certainly bring it into his mind, and they meet with many put offs, from to day, and to morrow, for some time, but our frequent Presents and the respect we have paid him, with a few good words from the brib'd Mutsuddys who were present, at last overcame him, and y^{e}. fortune of Our Hon^{o}. As soon as the Broad Seal was affix'd to the Phirmaunds We consider'd Our business as finish'd,

HONo. SR. &CT.

The following relation of the loss of the Ship Catherine, is what gave in to the Deptv. Govr. and Counll. of Marlbrô Fort, wch. I now humbly present to your honr. &ct. Counll. and is as follows.

The 14th of Septembr. Ultimo made the Eastward part of Java, the 18th got into the Streights of Sunda, and the 20th about noon struck upon a Sunkeen Rock, off the 4th point of Java not mention'd in any of Ours, or the Dutch Mapps, the said Rock lying about two miles from Shoar, and at low water has 12 foot upon it, Mr. West my Gunner was then at the Lead, We shoal'd Our Water from 15 fathoms to 10 fathoms, when hauled off, the next Cast was 6 fathoms, and before could heave the Lead again struck. In a Little time after lost Our Rudder, We made all possible hast to carry one anchor out to get the ship off which about five got off in 7 fathom Water. We kept continually abaleing at each Hatch Way likewise pumping with both Caine and hand pumps, notwithstanding all endeavours the Water gain'd on Us very fast, I endeavour'd to wear the ship to get her into a small bay to the Eastward but being sunk so deep and no rudder could not, it being then the Opinion of Officers and men that We should use Our utmost Diligence, to Wharpe ashoar, otherwise in a very little time should founder in the aforemention'd depth, and unavoidably lose

several lives upon which sent Mr. Skerwin my Second Mate to sound the best ground. Betwixt the Hours of seven and eight at night got fast ashore laying Our best Bower of ye. Sea fast, and two Hawsers ashoar the ship lay very easy that night but the Water making a free passage in and out according to the washing of the Tide.

The 21st. sent my Pinnace with my Purser to Batavia to get assistance which immediately was granted now seeing but little hopes of recovering the ship went about saving what stores and Effects We could (the Hono. Company first as thought myself in Duty bound). The reasons for my going into the Streights, referr your Honr. &ct to ye. Taking into consideration the indisposition of the ships Company held the following Consultation, that is, having fallen with the Eastwd. of Java, and the Winds very uncertain, We may be a considerable time on the Coast of Sumatra, before We can reach Our Port, if shod. meet with such Weather as generally are this time of the year in the shifting of the monsoon, and oblig'd very often to anchor which in the state of health Our people are in at present, shall not be able to purchase one anchor. Duely weighing and considering the above reasons and having no port this side Bencoolen, do believe it Our best way to proceed for the Streights of Sunday, there having smooth water, and Can anchor with a small anchor and so to Batavia, Where we can refresh Our people, and have more if Our Case require it therefore hope (the Hono. Company who is our Cheif Imployers) will deem it most for their Interest: as Witness Our Hands this 14th. day of September 1716.

Accomptt. reports the exam̃. of y^e^. F^t^. St. Davidr Cash accot.fo. April & May

The Accomptant having pursuant to order of Consultation the 10th. instant, examin'd the two last months Fort S^t^. David Cash Accounts, reports that He finds them right.

Cheif Mate of Ship Catherine dels. in his Narrative of her loss.

Richard Thelwalle Cheif Mate of Ship Catherine attends the board pursuant to order of last Consultat. & delivers in his Narrative of the said Ship Catherines loss as enter'd after this Consultation, which differing considerably from the Captains Account, the following Officers were call'd in Viz^t^. Charles Skirvin 2^d^. Mate, George Wallis 3^d^. Mate, Francis Gostlin 4th. ditto & Thomas Holmes Surgeon, who all declar'd & were willing to take oath to the falsity of the said Richard Thelvalles narrative, particularly that part of it, which says not one of the three Anchors were weigh'd. They likewise declare that all possible means were us'd to save the Ship, & that when they found it impracticable no endeavours were neglected to get her ashoar in the most commodious place for saving of her Stores &c^t^. in which the said Thelvalle was so backward that when the Captain went with the Honble. Companies treasure in the Long boat to Batavia, & left the Cheif Mate in command of the Ship & men, He wanted to go away with the Pinnace persuading the men nothing more was to be sav'd but they had more regard to their Employ^rs^. Service than to take his advice or let him go with the boat upon hearing the whole dispute & the evidence produc'd,

the rest of the officers examin'd thereupon.

the Cheif Mates Accot. false in fact & very Malicious.

AGREED that it is the opinion of this board that Mr. Thelwalle Cheif mate of the Catherine has given in an account of the loss of the said Ship ffalse in ffact & that the insinuation He has urg'd against Capt. Hunter the Commander are without any Colour of proof or probability Malicious & Vilainous, all the other Officers & the Sailors having prov'd their respect to the Captain by their good behaviour in their distress & their diligence in saving every thing that might be sav'd. WHEREAS Thelvalle the Cheif Mate, would have abandon'd his trust & left the people to themselves, while the Captain was gone to Batavia to secure the Companies treasure.

Capt. Hunter to have a copy of y^e^. boards opinion.

ORDER'D that the Secretary do give Capt. John Hunter an attested Copy of what relates to the loss of ship Catherine in this Consultation.

TO THE HONO. JOSEPH COLLET ESQR.
PRESIDT. AND GOVR. OF FORT ST. GEORGE &CA. COUNLL.

THE PETITION OF PERMATNADOO SON OF JAMPEIRIERA.

HUMBLY SHEWETH

THAT your petitioner is an Inhabitant of Ganjam but has for these 40 years past come to Madrass to trade by wch. ye. Company gets annually about two hundred pagodas.

One time Mr. Symonds came to Ganjam and brought with him some Cowries, Copper &ct. to dispose of, in Mr. Holcombs time, and before, t'was a Custom to acquaint the Moors Govr. of any Goods brought there for Sale, but Mr. Symonds sold his without their knowledge.

Before Mr. Symonds sold his Goods Your petitioners Father and some of his Officers belonging to the Government came to him, and told him that it was usual for Merchts. to let ye. Govr. know of what Goods they brought before they dispos'd of them, t'was their advice he shod. do the same, which wd. be no prejudice to him as all Englishmen were by the Kings order excus'd paying Custom at that port adding that as he was very well acquainted with the Country manners, they did not doubt but he wod. act according to Sallabad, and pay according to the writing gave ye. Moors. This is all they said to him.

Some time after Mr. Symonds wrote to Mr. Hastings, upon wch. he sent a sloop with twenty soldiers that anchor'd in Borua road, your petitioner thought they only came for provisions, but as soon as they landed the soldiers plundered the place and broke open your petitioners House taking out what they pleas'd and then return'd upon the same sloop to Vizagapatam but first took three ships in Borua Road fully laden in which belonging to your Petitioner and two Ships out of Ganjam Road likewise fully laden and belong'd to your petitioner, but the soldiers beating the Lascars of one of the ships, they ran away and left ye. ship wch. soon after founded the other four they carried to Vizagapatam and from thence to Madrass where they sold the Cargo for ready mony.

When your Petitioners Father saw this, he consider'd, that as he had done Mr. Symonds no injury in any respect whatever, 'twou'd be best to acquaint the Govr. of Madrass thereof in order to procure justice, accordingly he wrote him an acct. of ye. whole affair, an answer was return'd that if he, or any person wod. come to Madrass, what was taken away shod. be return'd so your petitioner came and Govr. Harrison promisd to do him justice and Mr. Benyon told your petitioner that he had spoke to ye. Govr. in his behalf and advised your petitioner to receive 4000 pagodas which was what the Cargoe sold for and return to Ganjam, One day in Consultation the Govr. order'd your petitioner to bring an acct. of ye. first cost of ye. said Cargoes but delay'd examining ye. matter till Mr. Hastings came from Vizagapatam who talk'd something about it to Govr. Harrison, in the interim Mr. Benyon died.

One day the Govr. bid your petitioner give a writing to stand to whatever he shoud. determine, your petitioner told him he wod. in case he wod. act wth. equity and justice and accordingly gave a writing, but two or three days after the Govr. order'd

your petitioner to take 2,000 Rupees which he refus'd desiring justice might be done him, as he had done no injustice to any body, so your petitioner waited in hopes of receiving his mony. When your Hon^{r}. arriv'd your petitioner had a mind to have spoke to you but Talliars were sett to watch that he came not out of his House.

Your petitioner wholly relys upon your Hon^{r}. to do him justice, and desires this affair may be examin'd into, 'tis now four years since he first arriv'd, and not receiving this mony, has hindred him from trading. 18000 Rupees are justly due to him which he desires your hon^{r}. &c^{t}. to consider of and order the mony to be paid him, for which favour as in Duty bound.

Your petitioner shall ever Pray &c^{t}.

ANT^{O}. RYAN.

TO THE HON. JOSEPH COLLET ESQ^{R}.
PRESIDENT AND GOV^{R}. OF FORT S^{T}. GEORGE &C^{A}. COUNCIL.

HON. S^{RS}.

We have had notice from your Secretary twas his orders to acquaint us what report the Accomptant had made to your board upon his inspecting our books and

——FORT ST. GEORGE, JULY 1717——

we observing in said report that the Commission is stated considerably in our disfavour beg leave to represent to your Hon^{r}. &c^{a}. what reason we have to hope you will direct it to be made up otherwise.

On Fryday 6th. January 1715 when we took leave of the Hoñ. Court of Directors, we represented to them the small consideration of advantage they had appointed to be paid us here for so long a Voyage and for the Services they were to expect from us the commission at that time being directed drawn in y^{e}. manner it is now made up by M^{r}. Frederick and also representing to them that in such manner our proffits would be much short of what they had allow'd the Supra Cargoes of their out and home ships, they were pleas'd to take it into consideration and order'd us to withdraw, and in a short time we were called into court again, when we were told by S^{r}. Robert Child Chairman that the Court had consider'd our request, & as a further Encouragement to us, had granted us a larger allowance, the particulars of which he directed the Secretary to read to us and was as follows.

That the Severall proportions allowed us to be concern'd in the stock, also our commission shou'd be paid us with such proffit as Gold shou'd produce in this Mint without deduction of Freight or any proportion of charges upon our Stock in China that such mony was to be invested in Diamonds and carried freight free to England where at our arrivall y^{e}. Hoñ. Court of Directors also promis'd to make us an allowance for y^{e}. 5 ℔ C^{t}. Directed by act of Parliment to be paid them upon all private Trade, if they approved of our management, we assure your Hon^{r}. &c^{a}. that this is matter of Fact, but we coming out of Towne immediately before the sitting of another court, cou'd not get a coppy of this minnett from Secretary Woolly, and we also assure your Hon^{r}. &c^{a}. that this was the reason the Hoñ. Court of Directors made an addition to our Stock of near £5000 sterling after our being in the Downs, they considering that we receiving our severall proportions here without any part of charges in China upon them the said charges wou'd Lye very heavy upon their remaining stock as appears by some Letters enter'd in our Diary now we humbly request your Hon^{r}. &c^{a}. wou'd direct our commission to be made up in this manner but if you cannot doe it, then, that youle' be pleas'd to mention what we have desir'd in your Generall Letter to our Hon^{r}. Masters, who we are assured will pay it us there.

We here take the liberty of stating y^{e}. Difference of what we think due to us upon the Article of Commission conformable (as we conceive) to y^{e}. Intention of the Hoñ. Court of Directors as beforemontion'd Viz^{t}.

	Pa	fa	ca
2 ℔ Cent deducted upon 5731 16 67 is	114	22	36
4 Cent upon 6253 : 1 : 5 : 5 (T^{s} m co ca) is 250 : 3 : 2 : 6 (T^{s} m co ca) so much being the amount of all charges in China as appears by our Books, and which cast up in proportion of y^{e}. proffit on Gold here is	260	28	4
We also paid Capt. Martin account of his Owners 1043 : 7 (T^{s} m) in China which being as much a part of our stock as any thing we haye negotiated and which the Hon. Company is to be paid back with considerable advantage on the Marlbro's arrivall in England we conceive the same comission of 4 ℔ C^{t}. is due to us on that sume which makes 51 : 7 : 4 : 8 (T^{s} M co ca) & according to y^{e}. produce of gold as above is	53	32	39
	429	10	79

this is w^{t}. we have to offer at Madras ℔sent only that we are.

In answer to ye. representation deliver'd us the 8th. inst. of the agreement the Hono. Company had agreed the Charges and Freight should be deducted out of your Com̃, but though we believe the truth of the fact, that is not suffitient to justifie Us in paying your Commission in any other manner than as Our Honble. Masters direct in their Letter to Us by Ship King William Anno 1716 according to which Our Accomptant had made up your Accot. and We have order'd payment, if We had recd. any subsequent orders relating to that Affair we shod. readily have done you that Justice here which We doubt not but you'l find from the Hono. ——*FORT ST. GEORGE, JULY 1717*——

To the Hon°. Rob^r. Hedges Esqr.
Presid^t. and Govr. of Fort William &c^r. Coun^ll. in Bengall.

Hon°. S^rs. &c^a.

Our last to your Hon^r. &c^a. was Feb^ry. y^e. 23^d. which carried the good news of the Broad Seal being clapt on the Phirmaunds w^ch. [We] hope is duely arriv'd from that Office they were carried to have the Rossalaw Viz^t. the Grand Viziers Seal on y^e. back the obtaining of wch. took up y^e. whole month of March considering the Kings being in his Camp so near y^e. City, the Muttsuddys miss'd no opportunity of regaling themselves at their own houses, the Kings going daily a hunting and some times the Viziers not sitting out may have been the cause of so great delay, besides this We cannot answer but the Visier may have some small stickling whither he sho^d. on this occasion require a bribe or not, for y^e. Phirmaunds were severall times carried and return'd without receiving y^e. full approval but in y^e. end this great Minister answer'd the opinion We always had of him the fortune of Our Hon°. Masters carrying y^e. day, he sign'd a paper for y^e. seal y^e. 27th. which was affix'd y^e. day following without any alterations although it was reported that Rey Reyon and Rajah Ruttunchud, at that instant did make some offers to the contrary, but which however prov'd ineffectuall We sho^d. at that time have given your Hon^r. &c^t. the good news but being so near the finishing We were willing to detain Our dispatches a few days longer till the Phirmaunds were deliver'd, but first there was another petition to be wrote to y^e. King, that they were ready, and his Orders expected thereon, wch. was sent in to his Majesty y^e. 2^d. and came out sign'd y^e. 7th. and this day y^e. Phirmaunds were brought home intirely finish'd by Cojee Seerhaud and deliver'd to M^r. John Surman pursuant to your Hon^r. &c^t. Orders We do not detain this Cossid any longer for the sake of transmitting Copies under the Cozzees seal which may take up a few days, your Hon^r. &c^a. may be sure y^e. utmost precaution shall be taken therein and for the security of those precious papers which have been obtain'd [at] so much expence of Our Hon^r. Masters, and trouble to Us, we shall contribute all that lies in Our power.

We herewith enclose Copies under the Cozzee's Seal of 25 perwanna's being the same We formerly sent down, the Originals are finish'd, except one Writ[ten for] signing them, which Seerhaud says will be done either to day or to morrow when they will be deliver'd as the Phirmaunds the remaining Seven Perwanna's as yet are not done Attesham Caun while He remain'd Duan Colsa refusing to sign them without some alterations which were not fully compleated till y^e. late revolution in y^e. Duanny Seerhaud tells Us they will be done in a few days, but a small matter must be first expended.

The most active part of the Ministry here, has of late rec^d. a very great turn by y^e. displacing of Attesham Cawn Duan Colsa and Rey Reyon Duan Tun His Majesty giving those post to Enotoola Cawn who is lately come from Mecca as a Master fit to retrieve y^e. troubled state of this Kingdome. He was possessed of these posts for many years in time of Allumgeer and the same all the Reign of Behauder Shaw, noted for his knowledge in y^e. affairs of this Kingdome, his great severity and utter refusall of any sort of bribery whatever at the beginning of this Kings Reign, His son Edatoola Cawn was Consomma but falling under the suspicion of y^e. Reigning Favourites they sacrificed him to their own Security, and so sent y^e. Father to Mecca. His Majesty finding y^e. many Complaints made from all parts, the great want of Treasure and in finding the strange Confusion every thing was in, made him look out to find out, if possible a fit man to retrieve it, this man, they say, was first propos'd by Ameenoodyn Cawn and afterwards so well fix'd in his Majesty's thoughts, that all the instances us'd by the reigning Ministers co^d. not avert him from it Enoitoola Cawn himself was very hardly brought to, considering [the risk he would] run by disobliging the reigning Favourites, and to act [.....] were perfectly inconsistant, so that before he wo^d. accept y^e. post, he made a great many objections Viz^t. The protection of Cootbulmooluck, to have a considerable sum of

mony paid down out of y^e^. Kings private Treasury as He sho^d^. require it and that no man sho^d^. offer to interferr in his business all which his Majesty readily granted and purely in Obedience to the Kings Command was [consented] to by the Vizier for the present, Our patron is not to Fathom'd, but it is supposed [that] this alteration has Clipt his Wingns in a great measure y^e^. 3^d^. ins^t^. He rec^d^. Seerpau as Duan Colsa Duan Tun and Subah of Cashmeer we have very good reason to be extraordinary glad to find Our Hon^o^. Masters affairs wants none of his assistance, and We believe we dare venture to say He is to well acquainted to have pass'd such papers of which his predicessor knew less y^e^. Consequence and We hope it is to late for him to make any enquiry after them.

We have not as yet been able to make any great progress in Our Dispatches, Our strange dilatory patron is y^e^. occasion of it, He puts us off from y^e^. Camp to y^e^. City promising with the many asseverations He wo^d^. do it on Our Arrival there His Majesty came in y^e^. 3^d^. ins^t^. but as yet We have seen nothing but fair promises We shall leave no stone unturned to get away with the utmost Expedition but at present must have patience.

Your Hon^r^. &c^t's^. dated Feb^ry^. y^e^. 12th. came to hand march y^e^. 18th. We humbly propose the foregoing as a sufficient answer thereto, every one being to y^e^. utmost of their Endeavours willing to obey all orders your Hon^r^. &c^t^. shall impose on them.

We have drawn y^e^. following Bills of Exchange Viz^t^.

April y^e^. 9th. 25,000 Siccas payable to Sawbipaury or Order for value rec^d^. of Murlisdar Bowsing, Duckneroy Factors to Kissenary Kissenchund.

10th. 2000 Siccas payable to M^r^. James Williamson value rec^d^. from M^r^. Hamilton

To which We desire your Hon^r^. &c^t^. to give due Hon^r^.

M^r^. Edward Stephenson having paid into Cash the Sum̃ of 3986 : 6 : [3] Cur^t^. Rupees Acco^t^. Merch^ts^. Goods sold We desire your Hon^r^. &c^t^. will make that Sum̃ good to them in Calcutta.

Enclos'd comes Acco^t^. Cash Warehouse and Charges Generall wth. Coppies of Consultation and Diary for y^e^. months of Jan^ry^. and Feb^ry^. which we wish safe to your Hon^r^. &c^t^. and are.

Hon^o^. S^rs^. &c^a^.

COJEE SURHAUD.
HUGH BARKER
Sec^ry^.

A TRANSLATE OF Y^E^. PHIRMAUND GRANTED Y^E^. ENGLISH COMPANY BY KING FARRUCKSEER, AND ATTESTED TO BE A TRUE COPY OF Y^E^. ORIGINALL BY Y^E^. CODGEE DATED THE 5TH. OF JANUARY 1716.

To the present Subah, and all the Jaggeirdawr's, Corrodees, Phow[s]dars, Rahaudaurs, Gusurabands, Zammedars, and their Successors at Golcondah.

Be it known unto you that M^r^. John Surman and Cojee Seerhaud the English Company's Gomastah's have sollicited y^e^. King in their behalf Viz^t^.

That the Company have the liberty of trading Custom free in all the port Towns under the Subah of Golcondah, That they annually pay twelve Hundred pagodas into the King's Treasury for y^e^. rent of Chinnapatam, as appears by y^e^. Books and that they hope to obtain His Majesty's Phirmaund for y^r^. continuance thereof according to Sallabad.

——*FORT ST. GEORGE, JULY 1717*——

Wherefore the King has been pleas'd to Order that their petition be granted if conformable to Custome, that whatever Goods the Company's Gomastahs Import, or Export to, or from all parts of India, shall be excus'd paying any Dutys, where the Subahs power extends, and His Majesty strictly Charges You all to see that none attempt to molest or interrupt the English Company in their mercantile affairs, Giving you permission to receive from them 1200 pag^{s}. annually as usuall and forbids your presuming to demand any more.

His Majesty likewise Commands that if any persons Embezled the Effects of the English Company &c^{t}. you shall do your utmost endeavour to detect the Robbers, inflict a severe punishment upon them and make them restore y^{e}. Goods to y^{e}. respective Owners.

That if y^{e}. Company have a mind to settle a Factory in any part you shall give them all reasonable assistance in Buying and Selling of Goods also where they have already setled.

That if any Merchants, or others are lawfully indebted to y^{e}. Company you shall oblige them to do justice and satisfie all reasonable demands without any trouble.

That you take care that none of your people insult y^{e}. English, and (as much as in you lies) prevent all disturbances.

The English Company's Gomastahs have further petition'd as follows.

That in the time of the Chingee War they Supplied the Kings Camp, with Guns, Powder, Balls &c^{t}. ammunition and provision. That in consideration of such Services his Majesty gave them (as a free Gift Trivatore &c^{t}. (5 Villages) which they a long time enjoy'd but that they were taken from them by the Kings Officers three years ago.

That also during the War at Hughly they were very assisting to Zeoudy Cawn in the same manner, in Obedience to his Majesty's Comm^{d}. that therefore they humbly hop'd the five Villages aforemention'd might be restor'd to them, and the Grant Confirm'd.

Wherefore the King has commanded that their petition be granted that y^{e}. five villages be redeliver'd to their possession with all the privileges which they enjoy'd by y^{e}. Munificence of Aurenzeb.

The Companys Gomastahs have further petitiond the King as follows.

That adjacent to the Companys Factory at Vizagapatam there are four Villages, for which (including Vizagapatam) they pay yearly into the Treasury at Checacolo 4862 Rupees that two of y^{e}. said Villages namely Berwana and Woodabundah (rated at 900 Rupees ℔ Annum) are situated too great a distance from the Factory and that therefore they desire to return them to y^{e}. King, and request a Confirmation of y^{e}. grant for y^{e}. other three.

Wherefore his Majesty hereby orders you to take possession of those two Villages according to their desire, and Confirms the other three to them.

The Companys Gomastahs further petition as follows :—

That the Nabob Duan and Subah frequently upon any dispute demand a sight of the Originall Grant refusing to be satisfied with the Copy ; that in sending it from place to place they are in danger of losing that which is of so much Consequence to them and that the Managers under the Subah are not contented if they produce any other authority than a Perwanna under y^{e}. Subah seal. That they humbly desire his Majesty to publish his Royall Edict that no one should dispute their priviledges upon producing attested Copys of y^{e}. Originall Grants.

That at Bombay the Currant Coin is at present stamp'd with a Portugueze Character which they desire may be eras'd and the Kings Impress'd in it's stead, in y^{e}. same manner as it is at Chinnapatam.

———*FORT ST. GEORGE, JULY 1717*———.

That Company Servants and others, who are indebted to them and fly for protection to the Kings Subjects may be immediately secur'd and sent back to the nearest Factory without any extorting demand for such service.

Wherefore the King considering the reasonableness of these request has granted as follows—

That a copy of this Phirmaund attested by y^e^. Codjee or an attested Copy of any other grant or perwanna shall be suffitient to convince you of y^e^. Authority by which the English Company Act.

That the Coin of Bombay shall be impress'd with the same Character with which is Currant in the Kings Dominions.

That when any persons indebted to y^e^. Company Desert their bounds and fly to you for refuge, you shall not presume to afford them protection but secure them till they can be sent back from whence they came to y^e^. nearest Factory belonging to the English Company and you are hereby order'd not to exact from them for such services, that Duty which is call'd Mumnoon.

The Companys Gomastahs further request as follows.

That the Subahs refuse to take their pagodas and Rupees without Discompt, and they are great sufferers thereby, their Gold and Silver being of the same fineness with that of Surat, and other ports according to the Currency of whose coin they desire the King would be pleas'd to order Madras Pagodas to be valu'd.

That as they have Factories at Bengall, Baharr, Vizagapatam, Woodesha, Madrass &c^t^. they would presume to build (as they had occasion) elsewhere in His Majestys Dominions, for which purpose they humbly request forty Bages of Ground might be granted them at any such place.

That if by violence of Weather their ships should be drove ashoar and stranded at any of y^e^. Kings ports, the Managers thereof may not be permitted to seize the Effects and forcibly detain them (as they frequen[tly] do) nor suffer'd to extort a quarter part thereof before they restore them to y^e^. Proprietors.

Wherefore his Majesty has order'd that what ever Rupees the English have coin'd at Madrass, ever since the 5th. year of his Reign, shall go Currant thrô all his Dominions, if they are of y^e^. same fineness with those of Surat.

That y^e^. Company have setled Several Factorys in the Kings Dominion and drive a very extensive trade even as farr as His Majestys Camp for which they have rec^d^. a Phirmaund, and if they are willing to settle any more Factorys, let the Subahs do therein as is accustomary at other ports.

That when any of the Companys Ships are drove ashoar and stranded in your ports you Give them all reasonable assistance, pray see that you punctually observe all the severall injunctions in this Phirmaund and dont demand a sunnod every year, but let this be sufficient and perpetuall.

24. This day being appointed for Proclaiming the Royall Phirmaund or Charter Granted by the Great Mogul King Furruckseer to the Hon^o^. English East India Company for enjoyment of severall priviledges in his Dominions (rec^d^. from Bengall y^e^. 21st. ins^t^.) the following Orders for y^e^. Ceremony are to be observ'd.

TO THE HONO. JOSEPH COLLET ESQR.
PRESIDT. AND GOVR. OF FORT ST. GEORGE &CA. COUNCILL.

HONO. SR. &CA.

I have according to my Duty laid before your Honr. &ct. an acco. of what I found wanting in the weight of the severall Goods of Ship Marlbrough's Cargo from China to wch. the Supra Cargoe's answer.

1st.—That they can give Sufficient proof of the full quantity of the severall Goods being put on board by them.

2dly.—That they are intirely ignorant in what Condition any of the Cargo was deliver'd out of the ship.

And what they are pleas'd to add further are only unbecomg. reflections insinuatg. that injustice had been done them here which I submit to your Honr. &ct. to judge what grounds they can have for such false insinuation when all imaginable Care has been taken thereof.

If any part of the Cargo had been recd. from the ship in any ill condition it would have been duely taken notice of in the report I deliver'd your honr. &ct. and the Commander Immediately acquainted therewith.

And as to ye. full quantity of Goods being loaden on board in China, I can only say that the weight of their Tutanaigue which is the most considerable article has been computed here as usual at 130 lb. ℔ Pecul where as they receive in China 132 lb. and some of their Sugar and Sugar Candy Cannisters are found to weigh more than what is allow'd for the Fare of them in their Invoice upon Examination whereof one of the Gentlemen was desir'd to be present but did not think it Convenient and it's not to be charg'd upon any body but themselves that they have not

been present at the weighing of all their Goods Mr. Fenwick in particular having had due notice given him thereof I am

Hon°. Sr. &cᴬ.
Your most Obedt. humn. Servt.

William Jennings,
Warehousekeeper.

Fort St. George
August 17th. 1717.

To the Hon°. Robt. Hedges Esqr.
Presidt. and Govr. of Fort Wm. &cr. Counll. in Bengall.

Hon°. Sr. &cr.

We wrote your Honr. &ct. the 9th. Aprill to accompany a bill of Exchange payable to Sawbiparry for the value recd. from Mulidur Bawsein, Decanny Cay and at large ye. 10th. Do. carrying the good news that the Phirmaunds were intirely finish'd and deliver'd in &ct. with inclosures of Our Accots. &ct. for the months of January and February. We again wrote by Mr. Cooke, bound for Bengall ye. 15th. Do. cheifly to accompany Copies of ye. Phirmaunds which were deliver'd him as (in our Opinion) a very safe Conveyance.

We were in hopes by this Letter to have given your Honr. &ct. an accot. that We had recd. Our Dispatches from his Majesty, but as there is very little to be depended on here, so We find Our Selves on this accot. under no small disappointment having never suspected this trifling matter cod. have taken up so much time, Our Experience on this occasion has taught us, that the least affair cannot be transacted here, without the solemnity of a long and tedious attendance, thereby enhanching the favours they grant, as to make them hardly worth receiving, Our Diary for the month of Aprill, may be more a proper Index than what can be contained in this Letter. We hop'd all had been concluded with the month, not being much concern'd with the Kings determination for our Dispatches, althô not with the same honr. that was granted the Dutch by Morruddeen. Wherefore we desir'd Sallabut Cawn not to request an addition, being satisfied such pursuit must be attended wth. loss of time and consequently become expensive to Our Hon°. Masters, he promis'd very fairly, but bes. netled at the disappointment, that a woman (such as Bibbee Juliana) shod. be able to do that for the Dutch wth. a quarter of the present, wch. was not in his power to effect for us wth. such advantageous pleas made him storm in private and resent it to Caundora in very pathetick terms neither wod. he desist on wch. Caundora made him speak to the King himself his Majesty disputed making the addition of Cunger and Horse for Mr. Surman as an ill precedt. for futurity but in the end he granted it with this salvo that it shod. be given some Duan before the time of Our Dispatches, that it might remain upon the Records as a mark of his favr. and not to be challenged by other nations, We have exerted Our selves to the utmost on this occasion in hopes of a speedy dispatch, so the disappointment cannot be laid at Our Doors, and hope Our precedent Behaviour is evident proof that no outside Vanity or expectations cod. make us swerve from our Hon°. Masters Interest.

The Phirmaund in answer to our Presidts. Letter, Seerhaud tell us has pass'd the Kings assent and is writing fair over, and the Order for the Hon°. Robt. Hedges Esqr. present, being gone into the Consommany it is now ten days since an Azze went from that place to his Majesty wch. is not yet return'd, when it does the Consommamut gives a Dustick on the several offices, which at best will take up some time.

The six Perwanna's are after much difficulty sign'd and seal'd by ye. Vizier Copys of four of which under the Cozees Seal comes inclos'd, the other two being Seal'd up Vizt.

The Presidt. produces Translate of letters from Nabob Sadatulla Cawn relating to the demand he had made of Trivatore &ca 5 villages.

The President produces translates of Letters from the Nabob Sadatulla Cawn, Sunca Ramah and our spy Braminy at Arcot relating to the demand He had made of Trivatore &ct. Villages lately granted by the Royal Phirmaund, the Nabobs Letter is wrote in general terms with a great many compliments but referrs to Sunca Ramah and the spy Braminy for an answer to the business in hand, they both advise that in conversation the Nabob told them, He could not deliver up possession of the Vilages wth.out seeing the Original Phirmaund, but that He was desirous to maintain a good understanding with the English.

The matter debated and agreed the Presidt. write a Letter to ye. Nabob.

On a full consideration of the matter it was AGREED that the President should write to the Nabob rendering him thanks for the assurances of his freindship & favour & acquainting him, that twenty one days after the date He designs to take possession of the said Vilages & together with his Letter to send the Present, usually made upon a new Presidents accession to the Government of this place, which has been suspended so long, that We might be assur'd of the Nabobs keeping his post, which has been very unlikely, & if a New Nabob had been establish'd, We should have been oblig'd to have given it over again, the Sum Agreed on is five hundred pags. & one peice of Superfine Scarlet cloth to the Nabob, and two hundred pagodas with some cordial waters to Ducknaroy the Nabobs Secretary and son in law, who has the cheif managemt. of his affairs, to whom also it was Agreed the President should write a short compliment. It's further AGREED that the President do write to Sunca Ramah to make the several Presents and at the same time to acquaint the Nabob that it is an express grant in the Royal Phirmaund, that neither He or any of the Kings Officers shall demand to see any of the Original Papers, but

——*FORT ST. GEORGE, SEPTEMBER 1717*——

that copies duely attested by the Cozee shall be a suffitient claim on our parts for the several priviledges and grants bestow'd upon us, & that himself and all other Officers are oblig'd to yeild obedience to such attested Copies.

The President represents that He has had repeated solicitations from the Inhabitants near Divy Island & Metchlepatam to make speedy dispatch in taking possession of that Island, the reasons urg'd for it are that the Nabob Mubaurize Cawn (in whose district that country lies) is at present near that place, but in a few months will be going for Golcondah and that it will be much more easy to treat with him at so small a distance than when he is further remov'd, besides that He has a considerable influence on the Renter of Divy Island, & is the only person from whom We can expect assistance, to which is added the impatience of the Inhabitants for our coming, who apprehend themselves in danger of being pillag'd by our delay another Reason is the hopes of bringing Upparow Renter to submit by a treaty, if We do not give him time to strengthen himself too much, especially if We permit him to live under our protection, and employ him in the Compas. Service. These are things appear to us of so great weight, that it is unanimously AGREED to take the following steps in order to obtain a peaceable possession of Divy Island with all possible expedition, & in the mean time to be preparing the necessary forces in case of opposition.

The Presidt. represents to ye. Board that he was Solicited from the Inhabitants near Due Island & Metchlepm. to make speedy dispatch in taking possession of that Island.

FIRST, That Mr. Richard Horden fourth of Councill be constituted Deputy Governr. of Divy Island at the same time reserving his rank & station at this board.

SECONDLY, That three of the Honble. Companies Servants be appointed of Councill for his assistance together with two Writers.

THIRDLY, That the Monsoon being very near changing a Vessell be imediately provided to transport the said Companies Servants with a few Soldiers of Metchlepatam, with orders to reside there in the Compas. ffactory till the arrival of Mr. Horden who is to go by land as soon as the rains are over, which may be expected about the middle of next month, and that during their stay there they be instructed to make all the discovery they can of the disposition of the Inhabitants, the condition of the place, the depths of the Barrs, with other Circumstances needfull.

FOURTHLY, That the President send by them a Letter to the Nabob acquainting him that in a short time a person will come with full Commission and Authority from the Company to take possession of Divy Island in their name and to establish a freindship with himself.

FIFTHLY, It's AGREED that the President singly shall have the particular direction of entertaining necessary persons in the service and providing of all stores &ct.

Mr. Oadham tendering a new Sloop built by himself of about fourteen Ton burthen for one hundred and ninety pagodas which sum she actually cost him, the said Sloop having been survey'd at the Presidents order,

Mr. Oadham offering a new Sloop of about 14 Ton burthen for one hundred & ninety pags.

AGREED that it be purchas'd at that price and fitted out with all expedition for the service abovemention'd.

Agreed she be purchas'd at that price and got ready for the service of Due Island.

Mr. Richard Horden offering his Long boat formerly belonging to Ship King William for fifty five pags. the sum she actually cost him a few weeks since

Mr. Horden offering a long boat for 55 pags.

AGREED that she be purchas'd at that rate being a proper Vessell to go over the Barr & about the River at Divy Island.

Agreed she be purchased at that rate.

———*FORT ST. GEORGE, SEPTEMBER 1717*———

a Galley built after ye. manner of those us'd in ye. Mediterranean represented to be of great Service for ye. Reduction of Due Island and there being one Richd. Spencer a very good ship Wright who offers his Service @ pa. 12 ℔ mo.

It is represented that it will be a very great service in the reduction of Divy Island in case of opposition and afterwards in preserving it from any insults from abroad to have a Galley built after the manner of those used in the Medeterranean, which both sail, row, and carry a considerable number of men, without drawing much water and there being in the place one Richd. Spencer a very good Ship Wright, capable of building such a Vessell or any other We shall need, who offers his service at twelve pagodas ℔ Month.

Agreed he be entertain'd in the Honble. Compas. Service.

AGREED that the said Spencer be entertain'd as a Master ShipWright in the Honble. Compas. Service at that allowance, and that He be imediately employ'd in Building a Galley of about forty Tons burthen which shall not draw above five foot water for the purposes beforemention'd.

Ship Rahim belongs. to ye. King of Atcheen came into our Road.

Last night came into our road ship Rahim belonging to the King of Atcheen, and bound to Porto Novo ; she came out the last Season, but by Opposite winds was forc'd into Corangee near Vizagapatam where she Continued about four months.

The Noquedah came on shoar and was examin'd before the Board concerning the Ship & Cargo which he own'd belong'd to ye King of Atcheen.

This morning the ship saluted the Fort & the Noquedah came on shoar ; he was secur'd by the President, and Examin'd before the Board. He acknowleg'd the ship & her whole Loading belong'd to the King of Atcheen, except some very small Matters own'd by some Arab Merchants who were passengers on her. Being ask'd for the Gold belonging to the King of Atcheen he affirm'd that it had been sent Overland some time before to Porto Novo in order to Carry on their Investment, and that the Cheif of what he had on board was Benjamin which he design'd to Sell at this market.

The Ship & Cargo belonging to the King of Atcheen to be seiz'd by way of reprisall for a large quantity of gold taken out of the Messiah in Atcheen road by his order.

The Noquedah being order'd to withdraw it was agreed that the ship and Cargo belonging to the King of Atcheene should be seiz'd and Confiscated by way of reprizal for a large Quantity of Gold taken out of the Ship Messiah belonging to this place in the road of Atcheen by the Kings order for which a Demand had been made by our late President in his Letter sent by ship Francis dated ye. 12th. of July Anno 1716 to which the King of Atcheen has return'd no answer, and in fact had put in many insults and abuses on all the English ship's that were at his port the last Year.

The Noquedah signs an order to ye. pilot to deliver up the ship.

The Noquedah being call'd in and acquainted with our resolution sign'd an order to the Pilot of the ship to deliver her up peaceably to our possession, which was done accordingly.

Our last to your Hon^{r}. &c^{t}. was dated the 18°. ult^{o}. inclosing four Copys of the remaining Perwannaes, Viz^{t}. Calcutta Town's Present & to come, for D^{o}. one on Echram Cawn Patua house on Esgar Cawn Companys Debtors one, as also a sett of Copy's of the Phirmaund under the Cazees Seal, by that Conveyance we likewise sent our accounts Cash, Warehouse & Charges Gen^{ll}. with Copys of Consultations for the months of March & Aprill which we hope will arrive in a good time having already sent two Setts of the Phirmd^{s}. we shall not repeat them till we hear they are arriv'd or farther orders we now send four more of the abovemention'd perwannaes.

The 23^{d}. ult^{o}. Jno. Surman rec^{d}. from his Majesty an horse & Cunger as was preappointed, & the 30th. D^{o}. we were sent for by Caundora to receive our Dispatches which we had accordingly; a seerpaw & Culgee being Giv'n to Jno. Surman Seerpaw's to Seerhaud & Edwd. Stephenson, as likewise to the rest of our Companions. We are order'd to pass one by one to our Obeisance then to move from the Duan. We did so, but when it came to M^{r}. Hamilton's turn he was told the King had granted him a Vest as a mark of his favour but not for his Dispatch, so was Order'd up to his standing again whilst he was performing this the King Got up we

———*FORT ST. GEORGE, SEPTEMBER 1717*———

were highly surpriz'd at this unexpected motion, not having the least notice of it till that Minute either from one Patron or any of authority, it being near a twelve month since M^r^. Hamilton had been in private with his Majesty and in all this time not the least notice taken. We were very much concern'd at his Delainment, and the more because we were assur'd of his firm aversion to accepting the service, even with all it's Charm's of Vast Pay honour &c^t^. that if the King did detain him by force, if he outliv'd the Trouble of his esteem'd Imprisonment, he might be endeavouring at an Escape which every way had its ill Consequences To free our Hon^o^. Masters from any Damages that might accrue to them from the passionate Temper of the King, Our patron Caundora was apply'd to for leave, twice or thrice he positively denied to speak, or even have a hand in this business till our Friend Syud Sallabad Cawn had opportunity to lay the Case open to him ; when he Order'd us to speak to the Vizier, and if by any means we could gain him to interceed that he would back it, nay if the Vizier refus'd he would make one Effort for the Doctor himself. Nay Sallabad Cawn promis'd to convince the King himself in case of any Delay pursuant to our Patron's directing we made a Visit to the Vizier the 4° instant and laid the case open to him in a petition from M^r^. Hamilton of how little service he could be without any Physick language or Experience in the Country medicines or their Names, besides which headbreaking Distractions of being parted for ever from his wife and Children would be insupportable, and entirely take away his Qualificat. for the Kings Service, that under the favour of his Maj^s^. clemency with the utmost submission he Desir'd that he might have leave to Depart with us. From ourselves we inform'd the Vizier that we should have esteem'd this a very great honour but finding the Doctor under these troubles not to be persuaded we were oblig'd to lay the case before his Majesty, & that in this case none so proper as himself, with all that we humbly Desir'd he would use his intercessions to the King that his Majesty might be prevaild upon to dispatch him. The good Vizier readily offer'd to use his utmost Endeavours, & since the Case was so, the business was to Gain the Doctor's dispatch without Displeasing the King and order'd a Petition to be drawn up to his Majesty in y^e^. same form as that given to himself directed to the King and sent him which he would forward with one from himself. It was sent him and the Vizier was as good as his word writing a very pathetick address to his Majesty, enforcing M^r^. Hamilton's reasons and backing them with his own opinion, That it was better to let him go. The King return'd an answ^r^. which came out the 6°. as follows. Since he is privy to my Nakedness, and perfectly understands his business, I would very fain have kept him, and Giv'n him whatsoever he should have ask'd but seeing he can't be brought on any terms to be Content I agreed to it ; and on Condition that after he has Gone to Europe procur'd such medicines as are not to be Got here, & seen his wife and Children he return to Visit the Court once more let him Go. We hope in God, the Troublesome business is now blown over.

The Phirmaund for the Hon^o^. Robt. Hedges Esqr. is wrote fair and gone to the Sudder Suddool for the broad seal, it is open & will have the Vizier's seal on it, and is more like a Gen^ll^. Phirmaund than an answ^r^. to a Letter, so without Doubt will be of Great service.

The Present order'd for the Hon^o^. Robt. Hedges Esqr. the Consomme has Giv'n his Dustuck's for the Delivery of the Goods on y^e^. severall Offices. We are getting them in as soon as possible.

The Rains are setting in here, but however we intend to leave this place with all the Expedition we can preparing carriage & taking in several's, although it may be impossible to march when the waters are up, but it is absolutely necessary to leave the place thô our Journey may be stop'd at Agra.

The King notwithstanding His many Oaths made to the Contrary has lately Impos'd the Gieja or Polltax, we have had some apprehension they were going to rip up old stories but as yet it has extended no farther than a surmise We have Esteem'd it for our Hon^o^. Master's Interest not to make any addresses to the King for fear of bringing our late Grants in Question. The only place where the Tax was paid by the

——*FORT ST. GEORGE, SEPTEMBER 1717*——

English was Surat, and there in lieu of it was an additional Custom, which being entirely taken away and a piscash plac'd in it's stead, we hope the Phirmaund now obtain'd will be Esteem'd sufficient to fend off the Imposition, althô it is not improbable there may be Some Trouble about it, should it be laid on other European Nations. We design to write Your Hon^r. &c^t. again as soon as we shall leave this City in the Int'rim we remain.

——FORT ST. GEORGE, SEPTEMBER 1717——

To the Hon. Joseph Collet Esqr.
Presid^r^. & Governour of Fort S^t^. George &c^t^. Council.

Hon. S^r^. &c^t^.

The Supracargoes of the Marlbrô' having petition'd your Hon^r^. &c^t^. that a Computation and allowance may be made as Customary for loss of we^t^. and waste on the sev^ll^. Goods. of said ships cargo from China in order to the adjustments of the Difference thereof in obedience to Your Commands I now shall answer.

Severall of the Goods are perishable, and will waste, and of the Dartm^o^. Cargo the Quicksilver and Vermilion was found to be short of the Weight chargd on their Invoice.

Their Scales and weights which have been lately deliver'd me by which I understand their Goods have been all weigh'd in China having been carefully Compar'd with ours here I find some small Difference in the weights their's being one Quarter of a pound in each hundred weight lighter than ours, which must occasion a Difference in the Weight of their Tutenague as well as their other Goods, and the loss which ariseth thereon appears to be as Follows. Sugar 4½ ℔ Cent Quicksilv^r^. 13/16 D^o^. Vermill^n^. 13/16 D^o^. Tutenague 7/8 D^o^. China Root 5 ℔ D^o^.

If the Gentlemen could be prevail'd with to be present at the weighing of their Goods, and see them Deliver'd themselves it would save a great deal of Trouble, and prevent the pityfull pretences they offer, of having been Injur'd here by Conicoply's & Peon's without having the least proof or appearance thereof their Goods not being as they have represented them in the care of Conicoply's & Peon's, and I must now therefore with submission beg your Hon^r^. &c^t^. will in future order that the Supra Cargoes shall see the Delivery of their Goods themselves, who Complain of Injustice for want thereof, notwithstanding M^r^. Fenwicke (when he was acquainted therewith) would take no notice of it, and M^r^. Horsemonden's answer (when desir'd to be present at the Examining of their Sugar and Sugar Candy Cannister's) was, that it was as proper for the Court of Directors to be present, and that he had nothing to do therewith, which is all I have to offer who am with the Greatest respect.

The President represents that this morning he has rec^d. advices from the Nabobs Court at Arcot, & from Peersada at Pullimully that the former would not accept of the five hundred pag^s. present we had sent to Suncah Ramah for that purpose, and that less than One thousand would not Content him; That Peersada had stop'd the Road's to this City from Pullimully, and would not suffer Merchandize or the common Necessary's of Firewood Bratty &c^t. to be brought into Madrass, and that he had sent to Diaram the Head Renter of the Country under Hussenally Cawn for assistance, to Distress us farther. — The Presid^t. represents that he has rec^d. advices from Arcot that the Nabob would not accept of the 500 p^a. Present & that nothing under one Thousand would do.

On mature Deliberation upon these advices it was agreed to make the Nabob's Present one thousand pagodas for the following Reasons. — The Nabob to be presented wth. 1000 pag^s. & the reasons why.

First, That we might Divide the Int^ts. of the Country Governm^t. about us, and thereby prevent their Joining together to distress us.

Secondly, The Present last made by our late President amounted to that value, & might Give them the fairer pretence to demand the same now.

Thirdly, That the Present is Conditionall on his Giving a Letter confirming to us the Peaceable Possession of the Villages we have lately taken.

The Presid^{t}. acquaints the Board he has rec^{d}. advice that Diaram's son had enter'd

The President acquaints the Board that he has Just now rec^{d}. advice from Trivadore that Diaram's son was entred that Town with two hundred & fifty horse 1000 Foot, and had cut down our Flagstaff, & posted himself in y^{e}. Town, he add's that in y^{e}. morning a Braminy belonging to Diaram had been with him and after a very long harangue wide of his purpose, deliver'd his Errand, which was to Demand a present

———*FORT ST. GEORGE, OCTOBER 1717*———

of one thousand pagodas to Diaram in Consideration of which he would Quitt all pretensions to the Villages we were possess'd of, he Declar'd withall that unless we would comply with that Demand, Diaram's Force would take possession of them the next Day. It appear'd in Fact that the Forces were on their march to Trivadore whilst the Braminy was delivering his Message.

Trivitore wth. 250 horse & 1,000 foot & commanded a Present of Pags. 1,000.

The President then propos'd to the Board to consider whether we should Comply with their Demands of mony in order to buy a peace, or whether we should tamely sitt down with the Affront they had Giv'n us in cutting down our Flag & wait to see how much further they would proceed, or whether we should make a Vigorous Charge with our forces and endeavour to drive them out of the Town by force of Arms.

Diaram's demands considered of.

After mature Deliberation it appear'd to be the unanimous Opinion of the whole Board that we should endeavour to Drive the enemy out of Trivadore by force for the following Reasons.

It is the unanimous opinion of the Board to drive the Enemy out of Trivadore for the following reasons.

First, That Diaram has no pretence to make any demands on us on account of the said Town's, that we are not Directed by the Phirmaund or Husbulhookum to demand possession of them from him, but from the Nabob, his business being only to Collect the Rent's for Sied Hussenally Cawn, and that to Give him mony upon this Occasion would be a Precedent for him to make Demands on any other, or perhaps without any pretence whenever he should think Fitt.

Secondly. That to sitt down quietly without resenting the Affront would but encourage the enemy to proceed to greater Injuries & Give them reason to apprehend, that we were doubtful of our own strength, and must submitt to whatever terms they should think fitt to Impose on us.

Thirdly, our men having of late been pretty well Disciplin'd and being now compleatly Officer'd, we do not Doubt their being able to drive the enemy out of the Town, and maintain the possession, which we hope will have so good an Effect as to Deterr them from attacking us rashly again.

Agreed that the Direction of the Military be left to the Governour Singly.

[19] At eight of the Clock this night Lieut^{s}. Roach & Fullerton with their Body's return'd to Fort S^{t}. George, having beat the enemy out of the Town of Trivadore, recover'd the Flag, & maintain'd their possession, having been attack'd for some hours without the loss of one man on our side.

At a Consultation

Present

Monday the 21st.

Joseph Collet Esqr. President & Govr.
Thomas Frederick. William Jennings.
Richard Horden. Thomas Cooke.
John Legg. Randall Fowke. Nath^{ll}. Turner.

The Presid^{t}. reports that he held a Consultation wth. the Military officers and that he had orderd Lieut^{t}. Roach to draw out 150 men to march to Trivitore and take it.

The President reports that after closing the Consultation on Fryday evening, he held a Consultation with the military Officers, the result of which was that he Gave orders to Lieuten^{t}. Jno. Roach to draw out 150 men of the Garrison to be in a readiness to march by two of the Clock in y^{e}. morning of the 19th. to Trivadore that he should endeavour to enter the Town about break of Day, and if he found the enemy there to attack them immediately, and endeavour to drive them out of the Town and take possession of it till farther orders. The President adds that about nine of the Clock in y^{e}. morning, he rec^{d}. advices from Lieut^{t}. Roach that he had enter'd the Town exactly at the time appointed, and found the enemy in possession, but that after about an hours Dispute he had oblig'd them to Quit the Town, and take to the Plains, that after this they made some attacks, but were constantly drove back, & Lieutenant Roach pursuing some of them to the Plain saw a fresh Body of horse coming from the Northward, which he then guess'd by view to be about five hundred in number. On these advices the President order'd Lieuten^{t}. Fullerton to draw out one hundred men more of the Garrison, and with a sufficient Quantity of Provisions and Ammunition & two field pieces to march immediately in order to Join Lieu^{t}. Roach; By twelve a Clock at noon all things were in a readyness & Lieuten^{t}. Fullerton began his march; in the meantime the President order'd the Militia of the Town to be rais'd who took Possession of the white Town, while the Outguards were Strengthen'd by the Remainder of the Garrison and Gunner Hugonin with the Govern^{rs}. horse Guard's (being six in y^{e}. whole) were order'd to Patroll about y^{e}. washer Town and Tondore to Prevent the enemy from burning or Plundering on that side. At three of the Clock in y^{e}. afternoon the President rec^{d}. farther advices from Lieutenant Roach dated half an hour after twelve advising that the enemy had kept skirmishing with them till near that time, but then were all Drawn off, and march'd towards Satan Go[du] after he had recover'd the Flag Staff and Flag which he again hoisted in the middle of the Town. Soon after arriv'd farther advices that Lieuten^{t}. Fullerton had Join'd Lieutenant Roach with his Body, and that the Enemy were march'd off to some miles Distance, on which the President sent orders to Lieut^{ts}. Roach & Fullerton to march back in y^{e}. evening or early the next morning, it being Difficult to Supply them with necessary's at that Distance they return'd the same Evening, and arriv'd at Fort S^{t}. George about 8 of the Clock.

[Lieut^{t}.] Roach advices that he had enter'd Trivitore [&] after an hours dispute he had oblig'd Diarams Forces to quit y^{e}. Town.

Lieut. Fullerton to march out wth. 100 Men to Join Lieut. Roach.

Gunn^{r}. Hugonin & the Govern^{rs}. horse guard to patroll about Tandore.

It appear'd that on Lieutenant Roache's entring the Town the Moor's were not prepar'd to receive him, presuming we Durst not march out of the Reach of our own Cannon. As soon as he Gain'd the middle of the Town he saluted them with three Vollies, which did some Execution; As fast as they Got into order they Possess'd themselves of the Avenues which are Numerous, and endeavour'd to regain the middle of y^{e}. Town, it being a very large square containing a Tank and a Pagoda, but in

——*FORT ST. GEORGE, OCTOBER 1717*——

about an hours time were oblig'd to Quit the Town, and take to the Plains, though they afterwards made severall attempts to Reenter y^e^. Town, but were oblig'd to retire about noon.

In the whole action which lasted about Six hour's, there was not one man of our Garrison kill'd or wounded by y^e^. Enemy, one only of our Europeans, was shott in y^e^. arm by his Comrades error in Firing; three of our Peons were slightly wounded but none kill'd. The Enemy left in the place one Camel & six horses kill'd, six horses were taken alive by our men; Five men only of the slain were left, the rest being carried away, so that we do not know the certain Number, but Suppose there might be about ten or twelve kill'd in y^e^. action.

The President adds that he rec^d^. advices Yesterday from Pullamully that when the enemy had march'd about three miles from Trivadore towards Pullamully, they encamp'd and Continued there till nine of the Clock at night, and then march'd one hour (contrary to their Custom) without lights, fearing as it appear'd to be attack'd in y^e^. night, for when they thought themselves out of reach of Pursuit, they light their Dutys and proceeded on their march towards Pullamully. Advices from thence further add that Diaram's Son who commanded the Party [*one line lost*] That the Commander next to him had severall Ball's in his Thigh that thirteen more of their men were wounded and eleven horses, besides one Camel & two horses which dropp'd on the Road.

The President Concluded that this Great Success without any Loss must next to the Blessing of God on the Justice of our Cause, be ascrib'd to the good Conduct of Lieutenant Roach, who had posted his men in such a manner that the enemy was not able to make any attack without certain loss to themselves, as at the same time they were unable to do us the least Injury. He therefore proposes to the Board to consider of some honorary Reward to be Given Lieuten^t^. Roach who to his former merit at Fort S^t^. David has added this new and eminent service.

The Presid^t^. proposes that some honorary reward may be given Lieu^t^. Roach for his good service done formerly at Fort S^t^. David & now at Trivitore.

AGREED that in consideration of Lieut^t^. John Roaches former services at Fort S^t^. David, for which the Hon^o^. Company have in their Letters order'd him a Gratuity which has never yet been Giv'n, and also in Consideration of his eminent services at Trivadore on the 19°. instant, in defeating the enemy with so much loss on their side, and without the loss of one man on ours, That the President by this Commission constitute Lieutenant John Roach MAJOR of all the Hon^o^. Comp^s^. Forces on the Coast of Choromandell & Island of Sumatra, and that a Gold medall with the Hon^o^. Companys arms set round with Diamond sparks, with an Inscription on the Reverse suitable to the occasion (the value about three hundred Pagodas) be Given him.

Agreed that Lieu^t^. Roach be now constituted Major of the Honble. Comp^as^. Forces on the Coast of Choromandell & Island of Sumatra and a Gold medall with the Honble. Comp^as^. arms set round wth. Diamond sparks be given him.

AGREED that his pay as MAJOR be twenty pag^s^. ℔ mensem.

His pay as Major to be pag^s^. 20 ℔ mensem.

AGREED that it be left to the Discretion of the President to order smart mony to the wounded, and some Gratutity [to the inferiour] Officer's who all behav'd themselves very well in y^e^. Engagement.

The Presid^t^. to order smart mony to the wounded & some gratuity to the [inferiour officers who behav'd well.]

TO THE HON^{BLE}. JOSEPH COLLET ESQ^{R}.
GOVERN^{R}. & PRESID^{T}. OF FFORT S^{T}. GEORGE &C^{A}. COUNCIL.

HON^{BLE}. S^{R}. &C^{A}.

I thought it my duty to acquaint your Hon^{r}. &c^{a}. that last Fryday morning I found the ground about three yards distant from the Storehouse door had been dugg up in the night (a place where the bees wax has lain buryd about five feet for these fourty years past to preserve it from the worm) whereupon I had it all dugg up and weigh'd and found Two Candy eleven maund wanting which was certainly convey'd away in the night, because I saw the ground the day before as firm as any part of the Street, and last December when we receivd a fresh Supply from Bengall it was then all weighd off and found to agree with our books, upon this occasion I sent for the Peddanaigue's Officers and after examining them I offer'd them a good reward so soon as they brought me any account of it I likewise with the advice and assistance of the Honble. Govern^{r}. had all the Guards strictly examind, and a warrant taken out of the Mayors Court for Searching the English Town which was accordingly executed by the Officers of Court and some of the Military, this being done a paper was put up at the Sea gate where it now remains in the Languages used in this place to give notice that whoever wou'd make any discovery of the persons concernd in the Theft shall have One hundred pagodas reward, and their pardon if they had any hand in it.

May it please your Hon^{r}. &c^{a}. if the aforesaid steps which have been taken and my continued endeavours for the discovery of this Villainy should prove ineffectuall I humbly entreat you would be pleas'd to Suffer the said quantity of Two Candy Eleven maund of wax which amounts to ninety Six pagodas to be wrote off to Proffit & Loss and I shall most respectfully remain.

SECONDLY that the Trustees of M^{r}. Addison had in pursuance of that order made a demand on Consull Pitts estate of that Commission amounting to Seven hundred forty two pagodas fourteen fanams and five great cash.

THIRDLY that some differences arising between M^{r}. Addisons Trustees and M^{r}. George Morton Pitt in closing the Account [of] Consull Pitts estate they were referr'd by bonds of Arbitration to Messrs. ffrederick, Curgenven, Legg, & Theobalds who jointly sign'd an award for the determination of all differences between the said

From the foregoing reasons it is the Judgment & determination of this Board that the Judgment in the Mayors Court be confirm'd and the appeal dismiss'd.

TO THE WORSP[LL]. JOHN LEGG MAYOR &C[A]. ALDERMEN, FFORT S[T]. GEORGE OF MADRASS.

THE ANSWER OF GEORGE MORTON PITT HEIR TO THE ESTATE OF JOHN PITT DECEASED TO THE PETITION OF WILLIAM JENNINGS ESQ[R]. ATTORNEY TO JOHN AFFLACK

SHEWETH:

That the said John Afflack as Attorney to John Pitt did collect and receive part of the Estate of John Pitt but not to the am[t]. of Pagodas Fourteen thousand two hundred Sixty three, nineteen fanams and Sixty nine cash and upon his departure from this place did entrust the Sums then in his hands to M[rs]. Pitt Mess[rs]. Brabourne and Addison which he ought not to have done it being expressly order'd in the Will of the deceasd John Pitt to collect the estate in these parts and give a true account of the same to the Executors in England that by his paying the mony to Sarah Pitt &c[a]. a considerable loss has accrewd to the estate by the mismanagement in Trade of those with whom he entrusted the said Monys, that in the year 1715 George Morton Pitt demanded the estate of John Pitt deceasd and an inspection into the accounts of Gulston Addison deceasd from his Attorneys who jointly with the consent of George Morton Pitt to avoid all litigious suits did agree each party to chuse Arbitrators to inspect and determine the controversie then in hand, who upon examining the accounts of the late Gulston Addison did find that he contrary to an order in Chancery, employ'd and traded with the said estate by which it suffer'd a loss of One thousand one hundred and forty five pagodas four fanams and one great Cash for which reparation was demanded by George Morton Pitt but in consideration of the Commission amounting to Seven hundred fourty two pagodas, fourteen fanams and five cash due to Gulston Addison from the estate of John Pitt deceas'd the same was relinquish'd by George Morton Pitt as may more plainly appear by the award of the Arbitrators.

———*FORT ST. GEORGE, DECEMBER 1717*———

Now the Defendant presumes that as he has already paid the Commission to those who executed the trust for John Afflack in paying the mony to the heir there can be no further demand of that kind upon the estate, he desires to be clear'd from this troublesome suit, and that you would be pleas'd to order his cost and charges and he

[Shall ever pray.]

TO ALL PERSONS TO WHOM THIS PRESENT AWARD SHALL COME THOMAS FFREDERICK, PETER CURGENVEN, JOHN LEGG AND THOMAS THEOBALDS SEND GREETING.

KNOW YE that whereas some variance and controversie hath been had and mov'd between George Morton Pitt heir of John Pitt Esqr. deceas'd and the Honble. Edward Harrison Esqr. William Stevenson trustees, and Grace Benyon Executors of Bernard Benyon deceas'd the remaining Trustee of Gulston Addison deceasd concerning the said George Morton Pitts demands on the estate of Gulston Addison deceasd for the said John Pitt Esqr. deceas'd his estate [rem^s^.] in his hands, for the appeasing and ending of which said controversie both partys by their mutuall assents and agreement have submitted and heretofore become bound either to other by the interchangeable bonds Obligatory bearing date the first day of December One thousand seven hundred and fifteen the Sum̃ of Ten thousand pagodas, to stand to, Observe [&] perform, and keep the award and Judgment of us the said Thomas ffrederick &c^a^. Arbitrators indifferently chosen between the said partys, as by the said bonds Obligatory more and large appeareth, upon which Submission wee the said Arbitrators for avoiding further troubles and to cause [peace] and unity between the said partys, having seen, read & deliberately considerd the accounts and other writings having relation to, and depending of the same, and having also heard the allegations and proofs on both sides concerning the premises and weighd the circumstance th[at] We the said Arbitrators having the consent of the said partys do the day of the date hereof publish and declare this our award and Judgment in the premises in such a manner and form as followeth. THAT IS TO SAY WHERE Gulston Addison deceasd has debted the Estate of John Pitt deceasd the Sum̃ of Twelve hundred pagodas for Widdow Sarah Pitts half part of a house in Middle ga[te] street, there not appearing to us a Sufficient warrant for the same. IT'S AGREED the said John Pitt's deceas'd's estate be recredited in account for the said Sum̃. And whereas the aforesaid Gulston Addison deceas'd has debated the estate aforesaid the Sum̃ of Six thousand fourty three pag^s^. to severall Sea adventures after the decease of Sarah Pitt, John Pitts Widdow which is contrary to an order of Chancery sent to the said Sarah Pitt which order directed the mony should be sent for Europe and not adventur'd in Voyage here and by Virtue of the said order part of the estate has been remitted by Gulston Addison deceas'd and whereas by adventuring the Sum̃ abovemention'd to Sea there happend a loss of One thousand, one hundred forty five pagodas, four fanams and one great Cash, which George Morton Pitt Justly demands reparation for, the same is relinquish'd upon consideration of Seven hundred forty two pagodas fourteen fanams and five great cash, the Commission of five ℔ Cent on Fourteen thousand, eight hundred forty eight pagodas eleven fanams and four great cash due from the said John Pitts estate deceasd to Gulston Addison deceas'd, and whereas Sarah Pitt deceas'd Widdow of John Pitt deceas'd did make a Will whereby she left the aforenam'd Gulston Addison the sum̃ of Three thousand pagodas as a Legacy. We declare to the best of our Judgments she has no Assitts to make the same good, having spent such a considerable part of the said John Pitt's estate over and above the allowance and provision he made for her thereout, that whatever might appertain or belong to her will not make good the deficiency and agreeable to the aforemention'd regulations
